

French Society of Extracellular Vesicles Meeting 2021 –  
7<sup>th</sup> December 2021  
Focus on Young investigators & General Assembly

### **Programme**

**9h15-9h30 – Ouverture du Meeting Annuel FSEV – Sophie Rome Présidente FSEV**

**Session 1- Chairs : Sophie Rome & Guillaume van Niel**

9h30-9h45 -Dumontet E - Extracellular vesicles shed by follicular lymphoma B cells promote the polarization of bone marrow stromal cell niche

9h45-10h00 - Rizzo J - Cryptococcus extracellular vesicles properties and their use as vaccine platforms.

10h00-10h15 - Martin-Jaular L - Unbiased proteomic profiling of host cell extracellular vesicle composition and dynamics upon HIV-1 infection

10h15-10h30 – Sabbagh, Q The von Willebrand Factor stamps: Plasmatic Extracellular Vesicles from Glioblastoma Patients

**10h30-12h00 – Assemblée Générale de la FSEV**

**Rapports moraux et financiers – Discussion – Présentation du nouveau bureau**

**12h-14h00 – Pause Déjeuner**

**Session 2- Chairs : Soazig Le Lay & Emilie Velot**

14h15-14h30 - Bergamelli M- Human Cytomegalovirus modifies placental small extracellular vesicle secretion and composition to enhance infection of fetal recipient cells

14h30-14h45 Leroux E - Extracellular vesicles: major actors of heterogeneity in tau spreading among human tauopathies

14h45-15h00 Couty M- CD63 Regulates Cholesterol storage within endosomes and its distribution via exosomes

15h00-15h15 Blandin A - Extracellular vesicles are stable carriers of adiponectin with insulin-sensitive properties

15h15-15h30 Lefebvre A- Human Nasopharyngeal Carcinoma Exosomes Promote Tolerogenic Dendritic Cells with Immunosuppressive Function and Favour their Recruitment

**PAUSE**

**Session 3 – Flash Talks & Prix Thèse FSEV 2021**

**Chairs : Clotilde Théry & Steffi Bosch**

16h-16h10 Trioën C- Role of galectin-9 in the induction of tolerogenic dendritic cells by Nasopharyngeal Carcinoma exosomes

16h10-16h20 Brenda Silva Rosa da Luz - Remodeling of the bovine mammary epithelial cell transcriptome in response to *Staphylococcus aureus* extracellular vesicles

**16h20-16h30 Prix Thèse FSEV 2021 – Ghoroghi S**

**16h30-16h40 Prix Thèse FSEV 2021 – Nigri J**

**16h40-17h15 – Clôture du Congrès / Remerciements ex Membre du CA**

*Le lien Zoom sera fourni aux personnes inscrites 72h avant le meeting.*
